

**OPTIFUSE FOR EMERGENCY VEHICLE UPFITTING**  
Circuit protection for the most challenging applications

## OPTIFUSE FOR EMERGENCY VEHICLE

Circuit protection for the most challenging applications

### High Amperage Heavy Duty Circuit Breakers

- 25A-300A
- Waterproof (IP 67) and Ignition Rated
- Automatic and Manual Reset

### Blade Fuse Blocks

- Consolidate up to 12 circuits
- With clear, insulating cover
- LED blown fuse indicator
- Split Bus to combine switched & unswitched circuits
- With built-in ground bus

### In-Line Fuse Holders

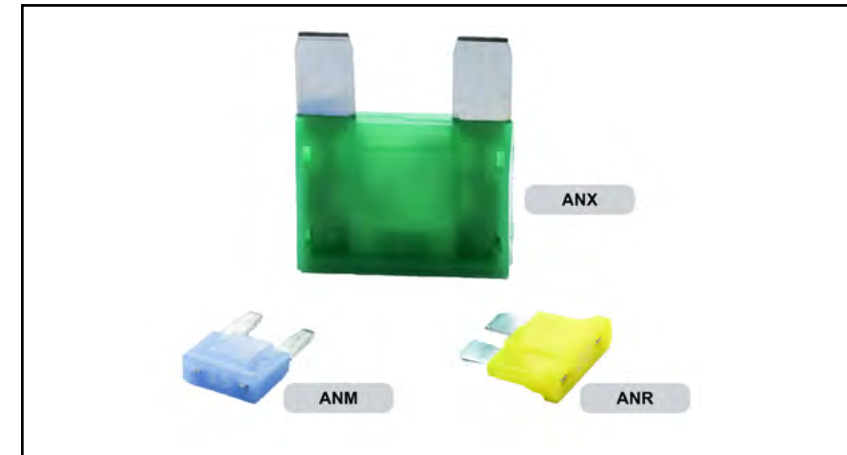

- With protective cover up to IP 67
- LED blown fuse indicator
- Various wire gauge, length and colors available

## OPTIFUSE FOR EMERGENCY VEHICLE

Circuit protection for the most challenging applications

### Blade Fuses

- Protect low-amperage auxiliary circuits
- With LED indicator
- All sizes available  
MICRO3 Style  
MICRO2 Style  
Mini Style - Low Profile  
Mini Style  
Regular (ATO/ATC Style)  
Maxi Style

### Bolt-On Limiter Fuses and Fuse Blocks

- Designed for heavy-duty loads up to 400A
- Current Limiter
- Block comes with clear, insulating cover

### 10-32 Stud (Shortstop Style) Circuit Breakers

- Automatic and Manual Reset
- Metal and IP63 Plastic body
- Amperage color coding available
- Three bracket styles
